

Biological Communities Documented at Inskip Diversion Dam-South Powerhouse

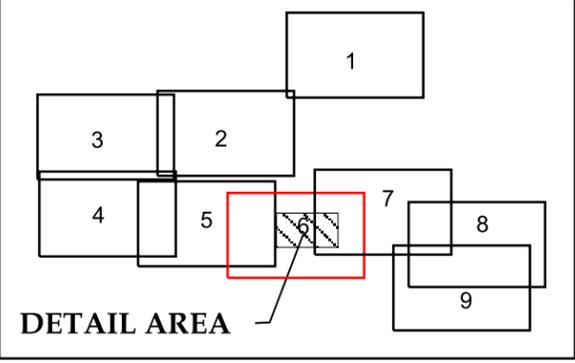

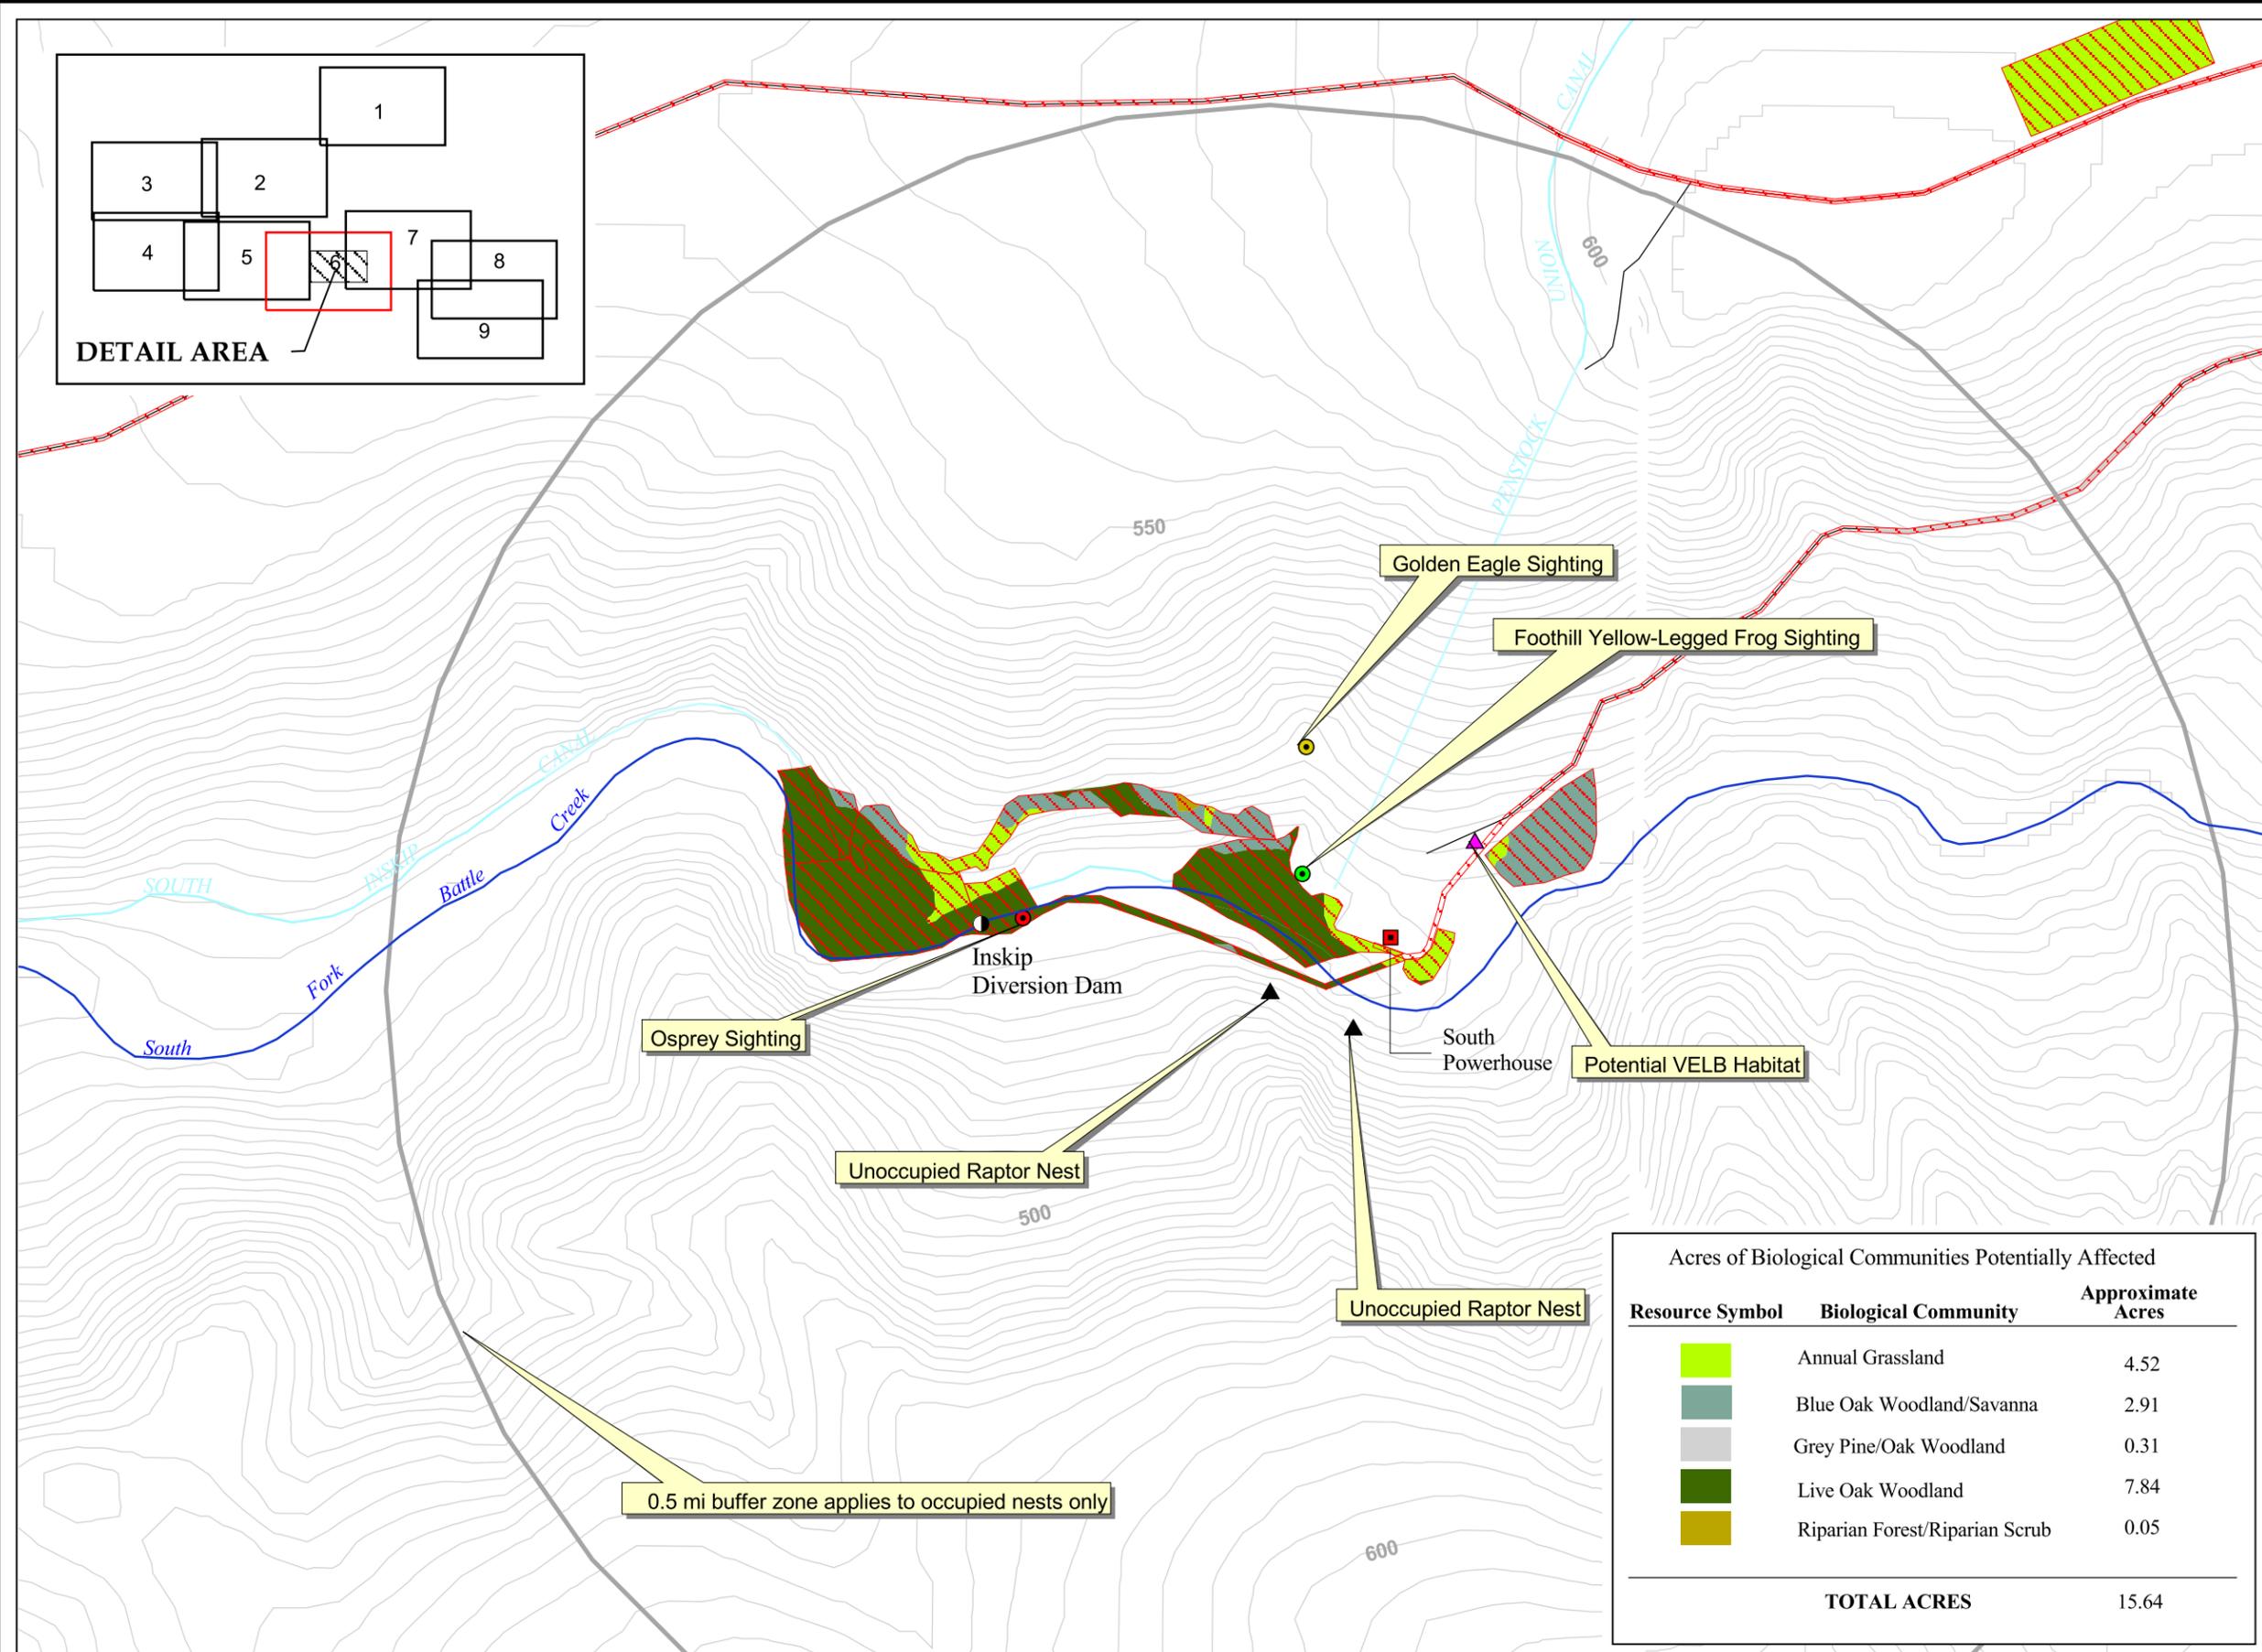

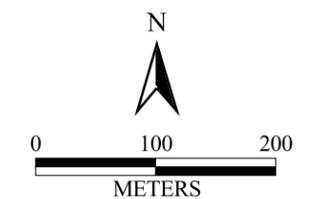

Figure 4.2-12

LEGEND

- Powerhouse
- Dam
- Road
- Proposed Construction Area/Physical Disturbance
- Canal or Tunnel
- Contour Interval 5 Meters
- Foothill Yellow-Legged Frog Sighting
- Golden Eagle Sighting
- Osprey Sighting
- ▲ Potential VELB Habitat
- ▲ Unoccupied Raptor Nest
- 0.5 mi Buffer for Unoccupied Raptor Nest

NOTE: Affected area represents the Five Dam Removal Alternative (Proposed Action). Other alternatives may have greater or lesser areas affected by the project.

Acres of Biological Communities Potentially Affected		
Resource Symbol	Biological Community	Approximate Acres
	Annual Grassland	4.52
	Blue Oak Woodland/Savanna	2.91
	Grey Pine/Oak Woodland	0.31
	Live Oak Woodland	7.84
	Riparian Forest/Riparian Scrub	0.05
TOTAL ACRES		15.64

0.5 mi buffer zone applies to occupied nests only
